## ROSACEA

“

Having suffered from severe Acne Rosacea for 12 years now I have, apart from Roaccutane, have literally been on every antibiotic.

I truly feel that with the AlumierMD professional and homecare products, not only have I seen fantastic results in a very short amount of time, I am now antibiotic free, my skin condition is improving by the day and my skin looks and feels better than it ever has for a long time.

”
