FRACTIONAL RADIO FREQUENCY MICRONEEDLING

with

ARTIFICIAL INTELLIGENCE

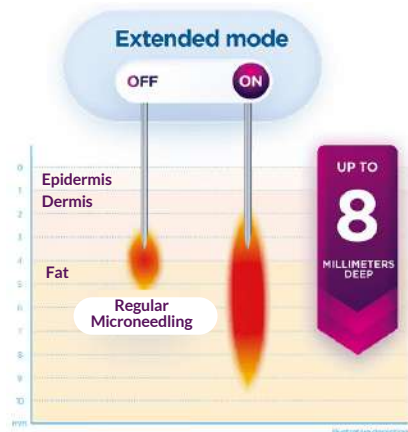

This cutting-edge skin treatment combines monopolar Radio Frequency (RF) with Artificial Intelligence (AI), a feature previously not included in traditional RF treatments, to deliver precise energy to deeper skin layers.

As a result, we can achieve significant improvements in skin texture, often without the usual discomfort of deep tissue treatments.

SUBDERMAL REMODELLING BEYOND THE NEEDLES

Target area and typically used for:

- Fine lines and wrinkles
- Skin texture and tone improvements
- Skin tightening
- Acne scars and scarring
- Stretch marks

Fractional Radio Frequency Microneedling with Artificial Intelligence Results

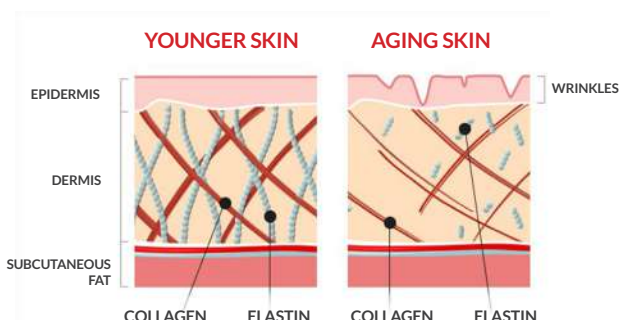

BEAUTIFY
@ DR.BISHOP'S

Visible results can be seen within a few days, but typically **AFTER THREE WEEKS** the most noticeable results appear.

CAN BE USED ON ALL SKIN TYPES. The unique properties allow even darker tones to be treated.

Microneedling, or collagen induction therapy, uses tiny needles to create micro-injuries in the skin, triggering the body's natural healing process. This boosts collagen and elastin production, resulting in smoother, firmer, and more youthful skin.

Before

6 months After 3 treatments

Before

After 3 treatments

HELPS:

- Smooth fine lines and wrinkles
- Stimulate collagen growth
- Boosts the cell turnover of the skin
- Improves product penetration
- Lighten pigmentation
- Treat blemishes, acne and more...

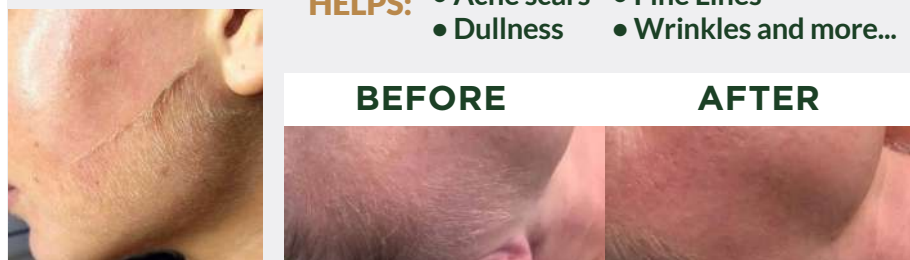

After 6 chemical peel treatments

After 3 chemical peel treatments

Dermaplaning utilizes a surgical scalpel to thoroughly exfoliate the skin and remove unwanted peach fuzz. It is an excellent treatment to add on to a chemical peel to promote product penetration and give the skin a healthy glow. Benefits include reducing fine lines and wrinkles, smoothing the zone and texture of the skin, promoting product penetration, and removing unwanted peach fuzz.

- ## HELPS:
- Acne scars
 - Dullness
 - Fine Lines
 - Wrinkles and more...

EMFACE®

Less Wrinkles, More Lift

Reverse The Signs of Facial Aging

- **37%**
on average

LESS
WRINKLES

Remodels & smooths skin
by heating the dermis and
increasing the levels of collagen
and elastin fibers.

+ **23%**
on average

MORE
LIFT

The combined effect of skin
remodeling with muscle toning
results in enhanced wrinkle
reduction and overall facial lifting.

+ **30%**
on average

MUSCLE
TONE

Restores & elevates support
of facial tissues by selectively
contracting muscles and
increasing density & quality of
muscle structure.
